An Overview

Every SIEMENS appliance is carefully created to the exact standards that our customers require. There is no compromise, no cutting corners. Owning a SIEMENS appliance brings confidence and style to your home life.

We draw on many years of manufacturing experience and our relationship with customers to design machines that meet your needs. Extensive research and testing of every part brings you a level of reassurance that will last for many years.

Why Siemens?

Experience: We have over a century of experience in bringing you reliable, cleverly designed and quietly efficient products.

Research and Testing: All our products are developed only after exhaustive research and testing. SIEMENS products are designed for life.

Beneficiary Technology: A uniquely interactive technology called total Kitchen Management ensures that we meet your needs, from user needs to excellent after-sales service.

Inspired Design: The design of our products is inspired by how they function. Resulting in a perfect balance between dazzling design and technology that benefits you.

Siemens. The future moving in.

Features and Benefits

eco PLUS:
Save up maximum electricity as well as money with energy efficient vacuum cleaners from Siemens.

air flow control system:
Multi stage filtration ensures that the exhaust air is 99.997% clean from all microscopically small particles.

compressor technology:
Siemens compressor motor is powerful but highly energy efficient. It gives you the same performance as a standard high performance motor but uses up to 50% less energy.

auto:
Automatic sensor for optimal suction power and convenience on every surface.

senso flow system:
Always ensures optimum coffee temperature thanks to innovative heating system.

aroma pressure system:
Full aroma and cream thanks to innovative brewing technique.

silent cream drive:
Extremely silent and long life thanks to high-value ceramic grinding unit.

cream center:
Extra creamy foam thanks to high-value milk nozzle with suction function.

cream center cleaner:
Extremely hygienic and comfortable quick rinsing of milk system.

auto valve-system:
Descaling and cleaning made easy just by pressing a button.

one touch function:
Espresso, cappuccino or latte macchiato ready just by pressing a button.

single portion cleaning:
Fresh and hygienic thanks to automatic rinsing after every dispense.

Milk Whirl System:
Perfect milk froth with a unique quality thanks to the high-quality frothing nozzle.

aroma whirl system:
Perfect coffee flavour, this function enables to extract more flavour from the coffee. The ground coffee is moistened before coffee extraction starts.
The coffee granules can swell up so that all aroma substances are released more intensively and the coffee taste is improved.

calc 'n' clean:
The automatic programme cleans and descales the machine with a touch of a button.

multi directional:
Smooth and crease-free ironing into all directions thanks to the special form of the Titanium-glissée soleplate.

Titanium-glissée soleplate:
Ideal steam distribution and superb gliding thanks to steam channels and 3 Phase Layout.

secure:
A built-in safety system for complete peace of mind. Auto shut-off switches the iron off after 30 seconds if it is left face down, or after 8 minutes if left standing.

drip stop:
Automatically shuts off the water supply to the soleplate until the iron is hot enough to produce steam, avoiding accidental drips onto your clothes whilst ironing.

Compact steam generator:
Flexible like a steam iron and powerful like a steam station thanks to motor steam injection system.

AntiCalc:
The built-in resin filter in the water tank automatically reduces water hardness and prevents the built up of limescale, increasing your iron's life. Even in a relatively hard water area you can use it straight from the tap.

easy water filling:
Quick-fill tank with large rear opening.

Espresso Machines

EQ.7:
Taste is also a matter of technology

What would mornings be like without freshly brewed coffee or epresso? With Siemens' fully-featured espresso/automatic coffee machines, it's a question that you may never have to answer. And the revolutionary aroma whirl brewing technology guarantees a unique taste experience by absorbing all the delicious aromatic elements, leaving you relaxed to enjoy a freshly brewed cup just the way you like it.

We are proud to announce that our new EQ.7 models: TK76009, TK76001 and TK73001, won the Red Dot Design Award 2009 in Germany. In addition to the outstanding design, the new models have a variety of the features such as "aroma pressure system", "cream center", "one touch function" and much more. Choose from a wide variety of coffee at the touch of a button.

General features of Siemens espresso machines:

- Convenient preparation of coffee, cappuccino and tea
- 2-cup-selection, coffee size and strength
- Removable water tank
- Coffee outlet height-adjustable
- Cup tray with pre-warming function
- Automatic rinsing (when switched on and off), single portion cleaning function
- Removable drip tray and grille, brewing unit and milk nozzle parts for easy cleaning
- calc 'n' clean descaling and cleaning in one step
- Energy efficient: Stand-by function, main power switch
- Height-adjustable coffee outlet and milk nozzle for large "latte macchiato" glasses
- Includes measuring spoon, water testing strip and cleaning and descaling tablets

Fully automatic espresso machine

TK76009 (piano black)

Description

- Rating: 1700 W
- Innovative brewing technique “aroma pressure system”
- Innovative heating system “senso flow system”
- Reduced heating time: fastest first cup!
- High-value ceramic grinding unit “silent cream drive”
- High-value milk nozzle with suction function “cream center”
- Comfortable quick rinsing of milk system “cream center cleaner”
- Intelligent “auto valve system” switches automatically between steam and hot water function
- Pre-brewing function
- Personalised “My Coffee” function
- Water pump with 19 bar pressure
- Sound absorption for noise reduction
- Stainless steel cover on milk nozzle
- Milk container with high-quality metal cover
- Individually adjustable temperatures for coffee (3 levels), hot water (4 levels) and grinding degree (4 levels)
- Early warning when bean container or water tank is empty
- Indication when bean container or water tank are empty
- Frothing nozzle for cappuccino and café latte
- Isolated milk container with aluminium housing (0.7 L volume)
- High-quality LCD display with language selection and time indication
- Child-proof lock: key lock preventing unintended brewing cycle
- Accessories: isolated milk container, connecting tube to milk nozzle; acrylic milk pipe; water filter

Fully automatic espresso machine

TK76001 (dark grey)

Description

- Rating: 1700 W
- Innovative brewing technique “aroma pressure system”
- Innovative heating system “senso flow system”
- Reduced heating time: fastest first cup!
- High-value ceramic grinding unit “silent cream drive”
- High-value milk nozzle with suction function “cream center”
- Comfortable quick rinsing of milk system “cream center cleaner”
- Intelligent “auto valve system” switches automatically between steam and hot water function
- Pre-brewing function
- Personalised “My Coffee” function
- Water pump with 19 bar pressure

- High-quality LCD display with language selection and time indication
- Child-proof lock: key lock preventing unintended brewing cycle
- Accessories: isolated milk container, connecting tube to milk nozzle; acrylic milk pipe; water filter

Fully automatic espresso machine

TK58001 (silver)

Description

- Rating: 1400 W
- aroma whirl system plus – brewing technology
- Milk Whirl System for excellent foam (easy cappuccino function)
- Big display with symbols
- Thermoblock pump system (approx. 15 bar)
- Separate container for pre-ground coffee
- Stand-by function: start time, time of day and switch-off time can be programmed

Fully automatic espresso machine

TK54001 (grey)

Description

- Rating: 1400 W
- aroma whirl system plus – brewing technology
- Frothing nozzle for cappuccino and café latte
- Symbol display
- Thermoblock pump system (approx. 15 bar)
- Separate container for pre-ground coffee
- Stand-by function: start time, time of day and switch-off time can be programmed

Fully automatic espresso machine

TK73001 (silver)

Description

- Rating: 1700 W
- Innovative brewing technique “aroma pressure system”
- Innovative heating system “senso flow system”
- Reduced heating time: fastest first cup!
- High-value ceramic grinding unit “silent cream drive”
- High-value milk nozzle with suction function “cream center”

- Pre-brewing function
- Personalized “My Coffee” function
- Water pump with 19 bar pressure
- Sound absorption for noise reduction
- Stainless steel cover on milk nozzle
- Individually adjustable temperatures for coffee (3 levels), hot water (4 levels) and grinding degree (4 levels)
- Display of remaining cups before cleaning or descaling
- Indication when bean container or water tank are empty
- Frothing nozzle for cappuccino and café latte
- Isolated milk container with aluminium housing (0.7 L volume)
- High-quality LCD display with language selection
- Child-proof lock: key lock preventing unintended brewing cycle
- Accessories: isolated milk container, connecting tube to milk nozzle; acrylic milk pipe

Fully automatic espresso machine

TK52002 (white)

Description

- Rating: 1400 W
- aroma whirl system plus – brewing technology
- Frothing nozzle for cappuccino and café latte
- Thermoblock pump system (approx. 15 bar)
- Separate container for pre-ground coffee
- Stand-by function: start time, time of day and switch-off time can be programmed

Fully automatic espresso machine

TK69009 (black)

Description

- Rating: 1400 W
- aroma whirl system plus – brewing technology
- Single portion cleaning
- Milk Whirl System for excellent foam (easy cappuccino function)
- Autocappuccinatore with absorbing function
- Removable brew unit
- Thermoblock pump system (approx. 15 bar)
- Rotary knobs for selecting all functions
- Frothing nozzle for cappuccino and café latte
- Individual adjustable coffee grounds and freeness
- Separate container for pre-ground coffee
- Easy-to-use multilingual digital display
- Milk container
- Integrated water filter cartridge protects against scale build-up
- Stand-by function: start time, time of day and switch-off time can be programmed

Porsche Design

Designed by Porsche and perfected by Siemens

Apart from efficiency and convenience, we want our products to look exceptional. Designed by Porsche, our products undergo serious styling. As a result, the entire range is a harmonious blend of form, function, passion and practicality. With perfection captured in every detail they are also sophisticated and intelligent.

General features of Siemens coffee machines:

- Removable water tank with level indicator
- Removable drip stop filter
- Illuminated on/off switch
- Cable storage compartment

General features of Siemens toasters:

- Cool touch housing
- Stop button to cancel toasting
- Safety features: automatic switch-off if bread gets stuck
- Removable crumb tray
- Integrated stainless steel rack for bread rolls
- Integrated cable storage

General features of Siemens kettles:

- Stainless steel interior base with concealed heating element
- Double-sided water level indicator
- Removable stainless steel filter
- Safety features: overheating protection, power-on indicator, safety locking lid, automatic switch-off when boiling completed, lifted from base or lid opened
- Integrated cable storage

Porsche Design coffee machine

TC911P2 (alu/anthracite)

Description
- Power: 1100 W
- High-quality metal body with brushed aluminium finish
- Vacuum flask with aroma-retaining lid, for up to 8 cups
- Unique serving position – jug swings out automatically at brew end
- Easy-to-fill removable water tank
- Strength selector with integrated blue LED
- Optimum taste extraction through special brewing process

"Executive edition" coffee machine

TC66201 (stainless steel)

Description
- Power: 1100 W
- Aroma-protecting glass jug for 10-15 cups (1.25 L)
- Cup selection, 2-stage

Coffee machine

TC24010V (white)

Description
- Power: 1000 W
- Aroma-protecting glass jug for 10-15 cups (1.25 L)

"Executive edition" coffee machine

TC60101V (white)

Description
- Power: 1100 W
- Aroma-protecting glass jug for 10-15 cups (1.25 L)

"Executive edition" coffee machine

TC60203 (black)

Description
- Power: 1100 W
- Aroma-protecting glass jug for 10-15 cups (1.25 L)
- Cup selection, 2-stage

Porsche Design toaster

TT911P2 (alu/anthracite)

Description
- Power: 1000 W
- High-quality metal body with brushed aluminium finish
- Unique dust cover, opens at the push of a button
- Memory function – most recent setting used is stored
- Illuminated LCD display with 11 browning settings and remaining time display
- Long-slot, two slices
- Cancel button with integrated blue LED
- Integrated stainless steel warming rack for croissants, bread rolls etc.

"Executive edition" toaster

TT68101 (stainless steel)

Description
- Power: 900 W
- Frozen bread setting

"Executive edition" toaster

TT60101 (white)

Description
- Power: 900 W
- Frozen bread setting

"Executive edition" toaster

TT61101 (white)

Description
- Power: 900 W
- Frozen bread setting

"Executive edition" toaster

TT61103 (black)

Description
- Power: 900 W
- Frozen bread setting

Porsche Design kettle

TW911P2 (alu/anthracite)

Description
- Power: 2400 W
- Capacity: 1.5 L
- High-quality metal body with brushed aluminium finish
- Soft eject lid opens gently
- Illuminated on/off switch with blue LED
- Non-slip feet on base

"Executive edition" kettle

TW60105V (wind-grey)

Description
- Power: 2400 W
- Capacity: 1.7 L

"Executive edition" kettle

TW68101 (stainless steel)

Description
- Power: 2400 W
- Capacity: 1.7 L

"Executive edition" kettle

TW60103V (black)

Description
- Power: 2400 W
- Capacity: 1.7 L

"Executive edition" kettle

TW60101V (white)

Description
- Power: 2400 W
- Capacity: 1.7 L

Kettle

TW47101 (white)

Description
- Power: 2400 W
- Capacity: 1.2 L

Kettle

TW22001N (stainless steel)

Description
- Power: 1800 W
- Capacity: 1.7 L

Kettle

TW12002N (white)

Description
- Power: 2200 W
- Capacity: 1.7 L

Food Preparation

Technology that's handy and convenient

It's the little things in life that make a difference. At Siemens, we understand that putting together ingredients for that special recipe is the most important step in the kitchen. Whether you need to knead, beat, blend, slice, mince, grate, shred or mix, the Siemens range of food preparation products lend more than just a helping hand. Get creative in the kitchen with a whole range of accessories.

General features of Siemens food preparation products:

- Stainless steel chopping blade and discs
- Safety locking lids
- Rubber suction feet for extra stability and safety
- Integrated cable storage

Food processor

MK55400 (white)

Description
- Power: 1100 W
- 4 speed + pulse setting
- USP: Accessory Box
- 17 x accessories: metal kneading hook, mixing bowl 1000g, blender (1.5 L), strainer, chips cutting disc, recipe book, stirrer, juicer, disc support, reverse cutting/shredding disc, stuffer, universal knife, citrus press, lid, filling aid

Food processor

MK55280 (white)

Description
- Power: 800 W
- 2 speed + pulse setting
- 15 x accessories: kneading hook, mixing bowl 1000g, blender attachment, strainer, reverse shredding/cutting disc, rough grating disc, recipe book, juicer, disc support, beating disc, stuffer, universal knife, citrus press, lid

Food processor

MK55205 (white)

Description
- Power: 800 W
- 2 speed + pulse setting
- 13 x accessories: kneading hook, mixing bowl 1000g, blender attachment, reverse shredding/cutting disc, recipe book, disc support, beating disc, stuffer, universal knife, citrus press, lid, dough tool

Hand blender Power Edition

MQ5N6PE (anthracite)

Description
- Power: 750 W
- Powerful, quiet, low vibration motor
- Variable speed and turbo button
- Accessories: ice-crush blade, mixing/measuring beaker, stainless steel blender foot, beating whisk, mini chopper, wall mount accessory, 2 x lid

Hand blender set

MQ5N300 (white)

Description
- Power: 600 W
- Powerful, quiet, low vibration motor
- Variable speed and turbo button
- Accessories: mixing/measuring beaker, blender foot, mini chopper

Hand blender set

MQ5B350 (white)

Description
- Power: 300 W
- Accessories: mixing/measuring beaker, stainless steel blender foot, mini chopper

Hand blender set

MQ5B250 (white)

Description
- Power: 300 W
- Accessories: mixing/measuring beaker, stainless steel blender foot

Hand blender

MQ5B150 (white)

Description
- Power: 300 W
- Accessories: mixing/measuring beaker, blender foot

Hand mixer set

MQ95550 (white)

Description
- Power: 450 W
- 5 speed + pulse setting
- Accessories: 2 x metal kneading hook, 2 x stirrer, mini chopper with removable stainless steel blade and separate ice-crushing blade

Hand mixer set

MQ95540 (white)

Description
- Power: 450 W
- 5 speed + pulse setting
- Accessories: 2 x metal kneading hook, mixing/measuring beaker, heat resistant blender foot, 2 x stirrer

Hand mixer set

MQ95530 (white)

Description
- Power: 450 W
- 5 speed + pulse setting
- Accessories: 2 x metal kneading hook, 2 x stirrer

Chopper

MR00801 (white)

Description
- Power: 400 W
- Push-down pulse function
- Stainless steel blade, 800ml bowl

Chopper

MR01501 (white)

Description
- Power: 550 W
- Push-down pulse function
- Glass jug (1500 ml)
- Stainless steel blade and ice-crushing blade
- Beating disc

Citrus press

MC30000 (white)

Description
- Power: 25 W
- High production due to left and right-hand motion of the cone
- Large, removable juice container (0.6 L)
- Dust protection cover

Coffee grinder

MC23200 (white)

Description
- Power: 180 W
- Container capacity: 75g
- Stainless steel blade and grinder bowl
- Safety switch and can only be operated with lid in place

Contact grill

TG13302 (grey)

Description
- Power: 1800 W
- Grilling guide on appliance
- Contact grill with top and bottom heat

Food slicer

MS65500 (silver-metalic)

Description
- Power: 110 W
- Safety lock
- Carriage with hand guard
- Stainless steel blade
- Precise thickness adjustment up to 15 mm
- Rubber suction feet
- Additional ham knife

Food slicer

MS46000 (white)

Description
- Power: 110 W
- Safety lock
- Carriage with hand guard
- Stainless steel blade
- Adjustable cutting width up to 17 mm
- Rubber feet for extra stability

Vacuum cleaners

Over 100 years of vacuum cleaning competence

Designing innovative and efficient vacuum cleaners for the way you clean is what we do best. Siemens meets all your needs with the new range of “eco PLUS green edition” vacuum cleaners. This new generation of the appliances with compressor technology combines maximum suction with energy savings of up to 50 percent. With a maximum power input of only 1200 watts and up to 50 percent less energy consumption, the cleaning power of the “eco PLUS green edition” models is equivalent to that of conventional 2400-watt vacuum cleaners.

General features of Siemens vacuum cleaners:

- Variable suction control
- Telescopic tube with sliding button
- Adjustable floor tool
- Crevice tool and upholstery nozzle
- MEGAfilt® SuperTEX self-sealing dust bag
- Dust bag change indicator
- Automatic cable rewind
- Parking and storage aids

Dynapower XXL eco PLUS – Green power edition

VS08GP1266 (black)

Description

- Compressor technology: 100% performance but only 50% electricity consumption
- Extremely quiet operation
- Ergo grip handle 'Ergoplus' with integrated 4 in 1 accessory tool: crevice nozzle (short + long), upholstery nozzle and furniture brush
- Air flow control system
- Air safe system
- Ultra HEPA filtration
- Dust bag capacity: 6 L
- Operating radius: 13 m

Optional accessories:

- Replacement dust bags: VZ52AFP2
- Permanent dust bags: VZ10TFP

Dynapower XXL cleaner

VS08G2499 (titanium black)

Description

- Power: 2400 W
- Extremely quiet operation
- Ergo grip handle 'Ergoplus' with integrated 4 in 1 accessory tool: crevice nozzle (short + long), upholstery nozzle and furniture brush
- Air flow control system
- Air safe system
- Ultra HEPA filtration
- Dust bag capacity: 6 L
- Operating radius: 13 m

Optional accessories:

- Replacement dust bags: VZ52AFP2
- Permanent dust bags: VZ10TFP

Dynapower XXL bag and bagless cleaner

VS08G2485 (blue translucent)

Description

- Power: 2400 W
- Dual filtration technology (bag and bagless)
- Extremely quiet operation
- Ergo grip handle 'Ergoplus' with integrated 4 in 1 accessory tool: crevice nozzle (short + long), upholstery nozzle and furniture brush
- Air flow control system
- Air safe system
- Ultra HEPA filtration
- Dust bag capacity: 6 L
- Operating radius: 13 m

Optional accessories:

- Replacement dust bags: VZ52AFP2
- Permanent dust bags: VZ10TFP

Z 4.0 automatic cleaner

VSZ42200 (white)

Description

- Power: 2200 W
- Automatic sensor for optimal suction power and convenience on every surface
- Ultra Air 2 filtration (6 stage)
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower eco PLUS – Green power edition

VS06GP1266 (black)

Description

- Compressor technology: 100% performance but only 50% electricity consumption
- Ultra HEPA filtration
- Dust bag capacity: 4 L
- Operating radius: 8 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower carpet specialist (pure & brush)

VS06G2044 (silver-blue)

Description

- Power: 2000 W
- Turbo floor tool (special brush for carpet)
- UltraAir active filtration
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower parquet specialist

VS06G2022 (silver metallic)

Description

- Power: 2000 W
- Hard floor tool (special for parquet)
- Ultra Air 2 filtration
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower bag and bagless

VS06G2483 (white)

Description

- Power: 2400 W
- Dual filtration technology (bag and bagless)
- Ultra HEPA filtration
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower bag and bagless

VS06G2080 (blue translucent)

Description

- Power: 2200 W
- Cycle tech dust container – capacity: 1.2 L
- Ultra Air 2 filtration
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower power edition

VS06G2410 (black)

Description

- Power: 2400 W
- Ultra Air 2 filtration
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower cleaner

VS06G2001 (red)

Description

- Power: 2000 W
- Ultra Air 2 filtration
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Synchropower cleaner

VS06G1800 (ruby metallic)

Description

- Power: 1800 W
- Ultra Air 2 filtration
- Dust bag capacity: 4 L
- Operating radius: 10 m

Optional accessories:

- Replacement dust bags: VZ52AFG1
- Permanent dust bags: VZ10TFG

Wet and dry cleaner

VM10300 (petrol green/grey)

Description

- Power: 1400 W
- Absorbs fine and coarse dirt as well as liquids
- With spray extraction function for cleaning floors and upholstery
- Liquids volume: 10 L
- Dry dirt volume: 7 L
- Crevice and upholstery nozzle
- Operating radius: 8 m
- Integrated cable storage

Optional accessories:

- Replacement dust bags: VZ92351
- Permanent dust bags: VZ10TFW

Wet and dry cleaner

VM10200 (petrol green/grey)

Description

- Power: 1200 W
- Absorbs fine and coarse dirt as well as liquids
- Liquids volume: 11 L
- Dry dirt volume: 7 L
- Suction control via air inlet on handle and adjustable floor tool
- Crevice and upholstery nozzle
- Operating radius: 9 m

Optional accessories:

- Replacement dust bags: VZ92351
- Permanent dust bags: VZ10TFW

Cordless cleaner

VK20B02 (silver)

Description

- Absorbs dry dirt
- Capacity: 340 ml
- Integrated suction hose with brushtop
- Blowing attachment
- With wall bracket for easy mounting
- Rechargeable battery

Optional accessories:

- Replacement dustbag: VZ20000

Irons

Over 100 years of ironing competence

Ironing is not everyone's cup of tea. In fact we understand it's almost a "chore". With over 100 years of manufacturing experience, Siemens makes ironing a breeze.

With improved new and innovative features, Siemens irons helps you to care of any type of textile much quicker and more efficient than before, giving you more time to relax and less time to stress.

General features of Siemens irons:

- Vertical steam
- Variable steam and temperature control
- Large water tank for easy and fast filling
- Water spray function
- LED control light
- Overheat protection

Steam station

TS25325 (anthracite/white)

Description
- Power: 2400 W
- Compact iron with soft grip handle
- Stainless steel soleplate

- Heat up time approx. 2.5 minutes
- Removable watertank 1 L
- Steam pressure: 5 bar
- Continuous steam 110 g max
- Continuous vertical steam 110 g max
- Removable non-slip iron pad
- calc 'n' clean feature
- Long 2m steam hose between base station and iron
- "Water tank empty" and "Steam ready" indicator
- Anti-slip base
- Security system

Steam station

TS25350 (anthracite/silver)

Description
- Power: 2400 W
- Heavy aluminium soleplate

- Heat up time approx. 2 mins
- Removable watertank 1 L
- Steam pressure: 5 bar
- Continuous steam 110 g max
- Continuous vertical steam 110 g max
- Variable Steam Regulation
- Removable non-slip iron pad
- calc 'n' clean feature
- "Water tank empty" and "Steam ready" indicator
- Anti-slip base
- Security system

Steam station

TS14420 (white/blue)

Description
- Power: 2250 W
- Stainless steel soleplate
- Continuous steam 85 g/min
- Steam pressure: 3.5 bar
- Continuous vertical steam 85 gr/min
- Stainless steel water tank
- Ironing time approx. 1 1/2 hours
- Heat up time 6 - 7 minutes
- "Water tank empty" and "Steam ready" indicator
- Safety valve
- Cord storage facility

Compact steam station

TS11333 (white)

Description
- Power: 3000 W
- Titanium-glissée soleplate
- Motor steam injection system

- Continuous steam 70 g/min
- Shot of steam 150 gr/min
- "secure" auto shut-off
- Drip-stop function
- 4AntiCalc (self-clean valve, calc 'n' clean, built-in anti-calc system and cleaning liquid)
- Large transparent water tank (400 ml)

Optional accessories:
- Descaling solution TZ11001

Compact steam station (100 years edition)

TS11120 (night blue/silver)

Description
- Power: 2400 W
- Titanium-glissée soleplate

- Motor steam injection system
- Continuous steam 45 g/min
- Shot of steam 120 gr/min
- "secure" auto shut-off
- Drip-stop function
